AVAILABILITY

The SDA *Award of Excellence* is awarded for accomplishment in surface design by the juror or judge of an exhibit that is open to the public or is part of a conference.

Surface design includes the coloring, patterning, and structuring of fiber and fabric. It involves the creative exploration of processes such as dyeing, painting, printing, stitching, embellishing, quilting, weaving, knitting, felting and paper-making or the use of textile structures in materials other than cloth.

The *Award of Excellence* is a one-year digital membership in SDA, including all member benefits plus a digital copy of the *Surface Design Journal*.

PURPOSE

The purpose of the award is to promote the mission of Surface Design Association, furthering the field of textiles and fiber art, by rewarding creative and innovative applications of surface design.

Awards of Excellence are presented by the juror or judge of an exhibition, fashion show or conference exhibition that is juried or curated for entry and judged for awards.

STIPULATIONS

Accepted work must be professionally presented, including entries in fashion shows.

Exhibits must be open to the public for a minimum of one day or be part of a conference.
